Matthei & Colin Associates Designing Hybrid Operating Rooms at Advocate Illinois Masonic Medical Center

CHICAGO—[Matthei & Colin Associates](#) (M&CA) is designing two hybrid operating rooms (OR) at [Advocate Illinois Masonic Medical Center](#) located in Chicago, Ill. Consisting of two 800 sq.ft. ORs, this is one of the first steps towards implementing the operating room integration system. The renovations project cost is \$2+ million. One hybrid OR is dedicated to the CT-guided neurosurgery and the other is a single plane vascular room.

A published healthcare architect, William W. Heun, AIA, partner at [Matthei & Colin Associates](#), has been working closely working with Advocate Health Care for over twenty-one years.

[Advocate Health Care](#) is recognized as one of the nation's top 10 health systems and the largest integrated health care system in Illinois. [Advocate Illinois Masonic Medical Center](#) has a medical staff consists of more than 1,000 physicians in a wide array of specialties. In a typical year, they care for more than 20,000 inpatients, 149,000 outpatients and 35,000 emergency patients, and handle 142,000 patient visits to primary care and specialty centers. Located in the Lakeview neighborhood on the north side of Chicago, Illinois Masonic Medical also is home to one of the Chicago area's leading [Level I trauma centers](#).

Since 1974, [Matthei & Colin Associates](#) (M&CA) specializes in planning and design of healthcare environments. M&CA's architectural services are focused on healthcare and bring an unparalleled depth of experience to every project. Their mission is to deliver imaginative solutions that address both facilities and operational criteria, maximizing staffing, and functional efficiency.
