

## Edward-Elmhurst Health Occupies New Endoscopy Department

PHOTO © George Lambros

CHICAGO, IL — **Edward Hospital opened a newly expanded endoscopy department at its Naperville campus.** This \$6M, 12,700 SF, 2-phase construction project meets the needs of the growing population and provides the community with access to the latest medical technology. The department includes 6 procedure rooms, space for a future procedure room, 21 pre/post patient holding rooms, a waiting area and necessary support spaces.

“The amount of available space was very challenging to resolve the owner’s functional needs and provide a positive patient experience.” - Ron Kobold, AIA

Matthei & Collin Associates worked in collaboration with Gage Consulting Engineers, Inc., and Power Construction Company to deliver an eco-friendly, highly efficient space, ahead of schedule that reflects the high quality of care provided at Edward Hospital.

**Edward Hospital** is a part of Edward-Elmhurst Health, one of the larger integrated health systems in the state of Illinois. Edward-Elmhurst Health is comprised of three hospitals – Edward, Elmhurst and Linden Oaks Behavioral Health. With annual revenues more than \$1 billion and more than 50 outpatient locations across a service area of 1.7 million residents, the system employs nearly 7,500 and has more than 1,900 physicians on staff. In 2005, Edward became the first hospital serving DuPage and Will counties to earn Magnet Recognition®, the ultimate credential for excellence in nursing. Edward was re-designated as a Magnet hospital in 2010 and 2014.

**Matthei & Colin Associates** has specialized in the planning and design of health care environments since 1974. Through the passion of our creative effort, we have emerged today as one of the nation’s few firms exclusively committed to health care architecture. Our singular focus on designing and creating health care environments and our productive client partnerships result in highly individualized planning recommendations to address the requirements of each project.
