Advocate Lutheran General Hospital Advances Imaging Technology in Emergency Department

Chicago, IL—[Advocate Lutheran General Hospital](#) named [Matthei & Colin Associates \(M&CA\)](#) for their 600 square foot infrastructure and finish upgrades for their new CT (X-ray computed tomography) in the Emergency Department(ED). The hospital is upgrading to a new fully digital CT dedicated to the ED.

A leader in designing advanced imaging and technology facilities and emergency medicine departments, Matthei & Colin Associates has worked with [Advocate Health Care](#) since the early 1990's. "We want to provide simple and sustainable solutions for today's operations and be practical. Also, we want look forward at future operation and management strategies to meet healthcare changes," said William W. Heun, AIA, partner at [Matthei & Colin Associates](#).

Advocate Lutheran General Hospital, Park Ridge, Illinois, is a tertiary care, academic and research hospital, and the only Level I trauma center in the northwest suburban region of Chicago. The 645-bed hospital has been recognized 12 times as one of the [Top 100 Hospitals® by Thomson Reuters](#). It is also among the 15 top major teaching hospitals in the country. Advocate Lutheran General Hospital is part of Oak Brook-based Advocate Health Care, which is the largest health care provider in Illinois and one of the nation's top health care systems.

Since 1974, [Matthei & Colin Associates\(M&CA\)](#) specializes in planning and design of healthcare environments. M&CA's architectural services are focused on healthcare and bring an unparalleled depth of experience to every project. Their mission is to deliver imaginative solutions that address both facilities and operational criteria, maximizing staffing, and functional efficiency.
